

Acadia A2 Plan 3 Bedroom + Den

1537 sq ft

Three bedrooms and two and a half bathrooms create flow and function. On the main floor, the kitchen is the focal point, with a big island for hosting a Sunday brunch, plus space for dining at one end and lounging at the other. There's a private balcony off the dining that's made for gathering in warm weather. The powder room around the corner is a bonus for when you're hosting guests. On the upper floor, you'll find the main bedroom with a walk-in closet and ensuite, along with two more bedrooms and a separate bathroom. Downstairs, you've got a large den, storage space to keep everyone's shoes and coats organized, and a two-car, side-by-side garage.
